

TRANSFER STUDENT ADMISSION

Students should apply for admission as transfer students if they have previously completed any credit courses at the college level **after** high school graduation, with the exception of those who attend college during the summer immediately after high school graduation (first-time freshmen). Applicants may be attending another college or university and may have coursework in progress at the time of their application to UT San Antonio.

Successful applicants for admission as transfer students must have at least a 2.25 cumulative grade point average on a 4.00 scale. When calculating the grade point average to determine eligibility for admission for transfer students, all transferable college-level courses attempted are used in the calculation (grades are not replaced when courses are repeated).

Application Procedures

An application, nonrefundable application processing fee, and official college transcripts from each and every institution where college-level work was ever attempted must be received by the appropriate application deadline. The official transcripts are to be requested and sent from each institution from which college coursework was attempted and/or earned. For applicants (transfer applicants with 1 to 29 semester credit hours completed), a final high school transcript and an official copy of the SAT or ACT score (sent directly from the testing service) must also be provided to the Office of Undergraduate Admissions by the appropriate deadline. Students with college level credits from a foreign country must submit the official transcript, English translation and foreign credential evaluation for each and every institution.

Admission is conditional for students who are admitted with work in progress (WIP) from another institution. An official transcript reflecting the work in progress and any subsequent work must be submitted upon completion of the work. Financial aid can be applied toward tuition and fees upon submission of the complete college transcript(s) indicating all college coursework attempted. Registration for future semesters is also contingent upon receipt of the college transcript(s).

Transfer Applicants with fewer than 12 Semester Credit Hours Completed

Transfer Coursework

Upon admission, UT San Antonio awards credit for college-level transfer coursework, earned with a grade of "D" or higher, from accredited colleges and universities. Admitted students may submit a petition for credits to the related major academic department to receive credit earned from a non-accredited college or university. Based on course level, rigor, quality, comparability, and degree program relevance, credits may be awarded on an individual basis at the discretion of the major academic department.

UT San Antonio reserves the right to refuse recognition of credit from a college or university if it is determined the course does not meet the department's standards of level, rigor, quality, comparability, and degree program relevance.

General information about transferring courses and resolution of transfer disputes may be found in the UT San Antonio Undergraduate Catalog (<https://catalog.utsa.edu/undergraduate/bachelorsdegree/regulations/transferringcourses/>).
